

# Southwest Calgary Ring Road

- The Southwest Calgary Ring Road (SWCRR) will connect Highway 8 to Macleod Trail SE
- Includes reconstruction of Glenmore Trail between Sarcee Trail and 37<sup>th</sup> Street SW
- Consists of 31 km of six and eight-lane divided highway, 14 interchanges, one road flyover, one railway crossing (flyover), 47 bridges, one culvert set, one tunnel, and three river crossings over the Elbow River and Fish Creek
- Preliminary work started in summer 2016, with major construction scheduled in early 2017
- SWCRR is expected to open in 2021

## About Mountain View Partners

- Alberta Transportation selected Mountain View Partners to design, build, partially finance and operate the SWCRR
- Mountain View Partners is a consortium of:
  - » Project Lead: Meridiam, Kiewit, Ledcor, Graham with investment by Connor, Clark and Lunn
  - » Financing: Meridiam, Graham and Kiewit
  - » Design-Construction: Kiewit, Graham and Ledcor
  - » Operation and Maintenance: Alberta Highway Services Ltd.

## About KGL Constructors

- The design and construction is subcontracted to KGL Constructors, a joint venture partnership between Kiewit, Graham and Ledcor
