

# Southwest Calgary Ring Road

## Construction Advisory

July 11, 2018

### Installation of Sanitary Line near Everglen Way

**Activity and Location:** KGL Constructors will be installing a new sanitary line in the Transportation Utility Corridor (TUC) running parallel to Everglen Way S.W. The line will service future communities planned for the area west of 37 Street S.W.

Site impacts and mitigation measures will include:

- **No access to the TUC from homes along Everglen Way (excavation adjacent to back fences)**
- Construction equipment working in and around the area
- An increase in noise during working hours
- Dust from construction activities will be monitored and mitigation measures applied
- Activity will typically take place Monday through Saturday from 7:00 a.m. to 7:00 p.m.

**Scheduled Start Dates:**

- Preparation work - Week of July 9, 2018
- Sanitary line work – Week of July 16, 2018

**Scheduled Completion Date:** September 2018

**Project Hours of Work:** Monday to Saturday from 7:00 a.m. to 10:00 p.m. and Sundays and holidays from 9:00 a.m. to 10:00 p.m.

For your safety, do not enter the TUC. The TUC is an active construction area, with heavy equipment carrying out earthworks, utility installations, excavations, piling, bridge/road building and other activities.

KGL would like to thank you for your patience during this period of construction.
