

Southwest Calgary Ring Road

Construction Advisory

July 26, 2018

Pathway Closure near Anderson Road

Activity and Location: KGL Constructors will be paving portions of the newly constructed north-south pathway system adjacent to the communities of Cedarbrae and Woodbine. The pathway will be closed for safety reasons during this time while the paving equipment is working in the area.

The City of Calgary has provided detour routes for pedestrian and bicycle traffic through the community. Fencing and signage will be deployed in the area to mark the closed path and to direct pedestrians to the realigned routes.

Start date: Friday, July 13, 2018

Completion date: Sunday, August 5, 2018

Pedestrians are reminded not to shortcut through the Transportation Utility Corridor. There is heavy equipment active in the area east of the pathway system carrying out earthworks for the new Anderson Road interchange.

KGL would like to thank you for your patience during this period of construction.
