- Constructs, erects, installs and repairs structures, scaffolding and framework using hand and power tools
- Reads, interprets and works from blueprints, drawings, sketches and other specifications on a variety of structures related to the construction project
- Supervises and instructs carpenter apprentices and labourers
- May be required to rig and signal form placement
- Understand and comply with all company safety policies and procedures, such as making certain that proper safety scaffolding and other equipment is in place while performing job duties
- Secure and put away all tools, equipment and materials at the end of each work day
- Other duties as assigned

### **REQUIREMENTS**

- Minimum 3-5 years' experience in heavy civil construction
- Must hold relevant provincial required certification, red seal and/or registered apprentice
- Knowledge in the use of concrete pumps and concrete placement/finishing; rebar installation a plus
- Prior rigging knowledge is a plus
- Knowledge of the safe and efficient use of hand and power tools
- Must have a valid class 5 (or better) driver's licence with clean drivers abstract
- Must be able to communicate well with co-workers
- Must be able to work under pressure
- Must be able to meet all safety requirements and applicable safety policies
- The successful candidate must successfully complete a site pre-access drug and alcohol test
- Ability to work cooperatively independently and with a team in a fast-paced and complex environment

### **WORK CONDITIONS**

- Able to work shift work as required, including night shift
- Ability to work outdoors in all weather conditions
- The ability to stand, crouch and kneel for long periods of time
- Manual dexterity and balance for working on scaffolding
- Requires standing and bending over for extensive periods of time; often requires crawling, climbing, grasping, kneeling, squatting, and twisting
- Requires working at heights, climbing and descending ladders frequently
- Candidates should be able to lift weight (50 lbs.); able to work on heights
