

Southwest Calgary Ring Road

Traffic Advisory

June 27, 2019

Changes to Parking at Tsuut'ina Nation Admin Building

Location: The access road and parking area of the Chief Joseph Big Plume Building

Impacts:

- A portion of the access road and parking lot will be closed
 - A temporary access road will be built to provide access to the north parking lot
 - Parking will be available in the north parking lot and in the new south parking lot
- Parking in front of the building will be temporarily suspended to allow for two-way traffic

Reason: Permanently closing a portion of the parking lot to build the new SWCRR exit ramp to Tsuut'ina Nation

Implementation date: Saturday, June 29, 2019

Speed limit: N/A

For your safety, please obey all construction signs when travelling through the area. KGL would like to thank you for your patience during this period of construction.
