

Southwest Calgary Ring Road

Construction Advisory

July 23, 2019

Night Operations near Woodbine

Activity and Location: KGL Constructors will be undertaking night shift work to pour the concrete deck for the new bridge located at the intersection of 37 Street and Buffalo Run Boulevard / 130 Avenue S.W. This is near the community of Woodbine. Bridge deck pours are planned at night to meet the required temperature and evaporation specifications.

Site impacts and mitigation measures will include:

- Bridge construction equipment working in and around the area
- An increase in noise during working hours
- Equipment entering and exiting roadways
- Wherever possible, site lighting will be oriented away from residences
- Low noise light plants will be used

Start Date: Thursday, July 25, 2019

Completion Date: Week of August 5, 2019

Other Information: Five night shifts are expected during this period (weather dependent)

For your safety, please obey all construction signs when travelling through the area. KGL would like to thank you for your patience during this period of construction.
