

Southwest Calgary Ring Road

Construction Advisory

May 19, 2021

Noise Attenuation Walls – Stony Trail SW, South of 130 Ave SW (Community of Woodbine)

WHAT: KGL will begin construction of the permanent noise attenuation sound walls along the Southwest Calgary Ring Road. Installation will occur in three phases: (1) Pile Foundation Installation and (2) Noise Wall Panel Installation & (3) Finishing, Painting & Cleanup.

This construction activity is the culmination of 2-years of design to ensure that surrounding communities are protected from noise levels which exceed a 24-hour weighted average of 65 decibels as per the provincial guidelines for noise mitigation.

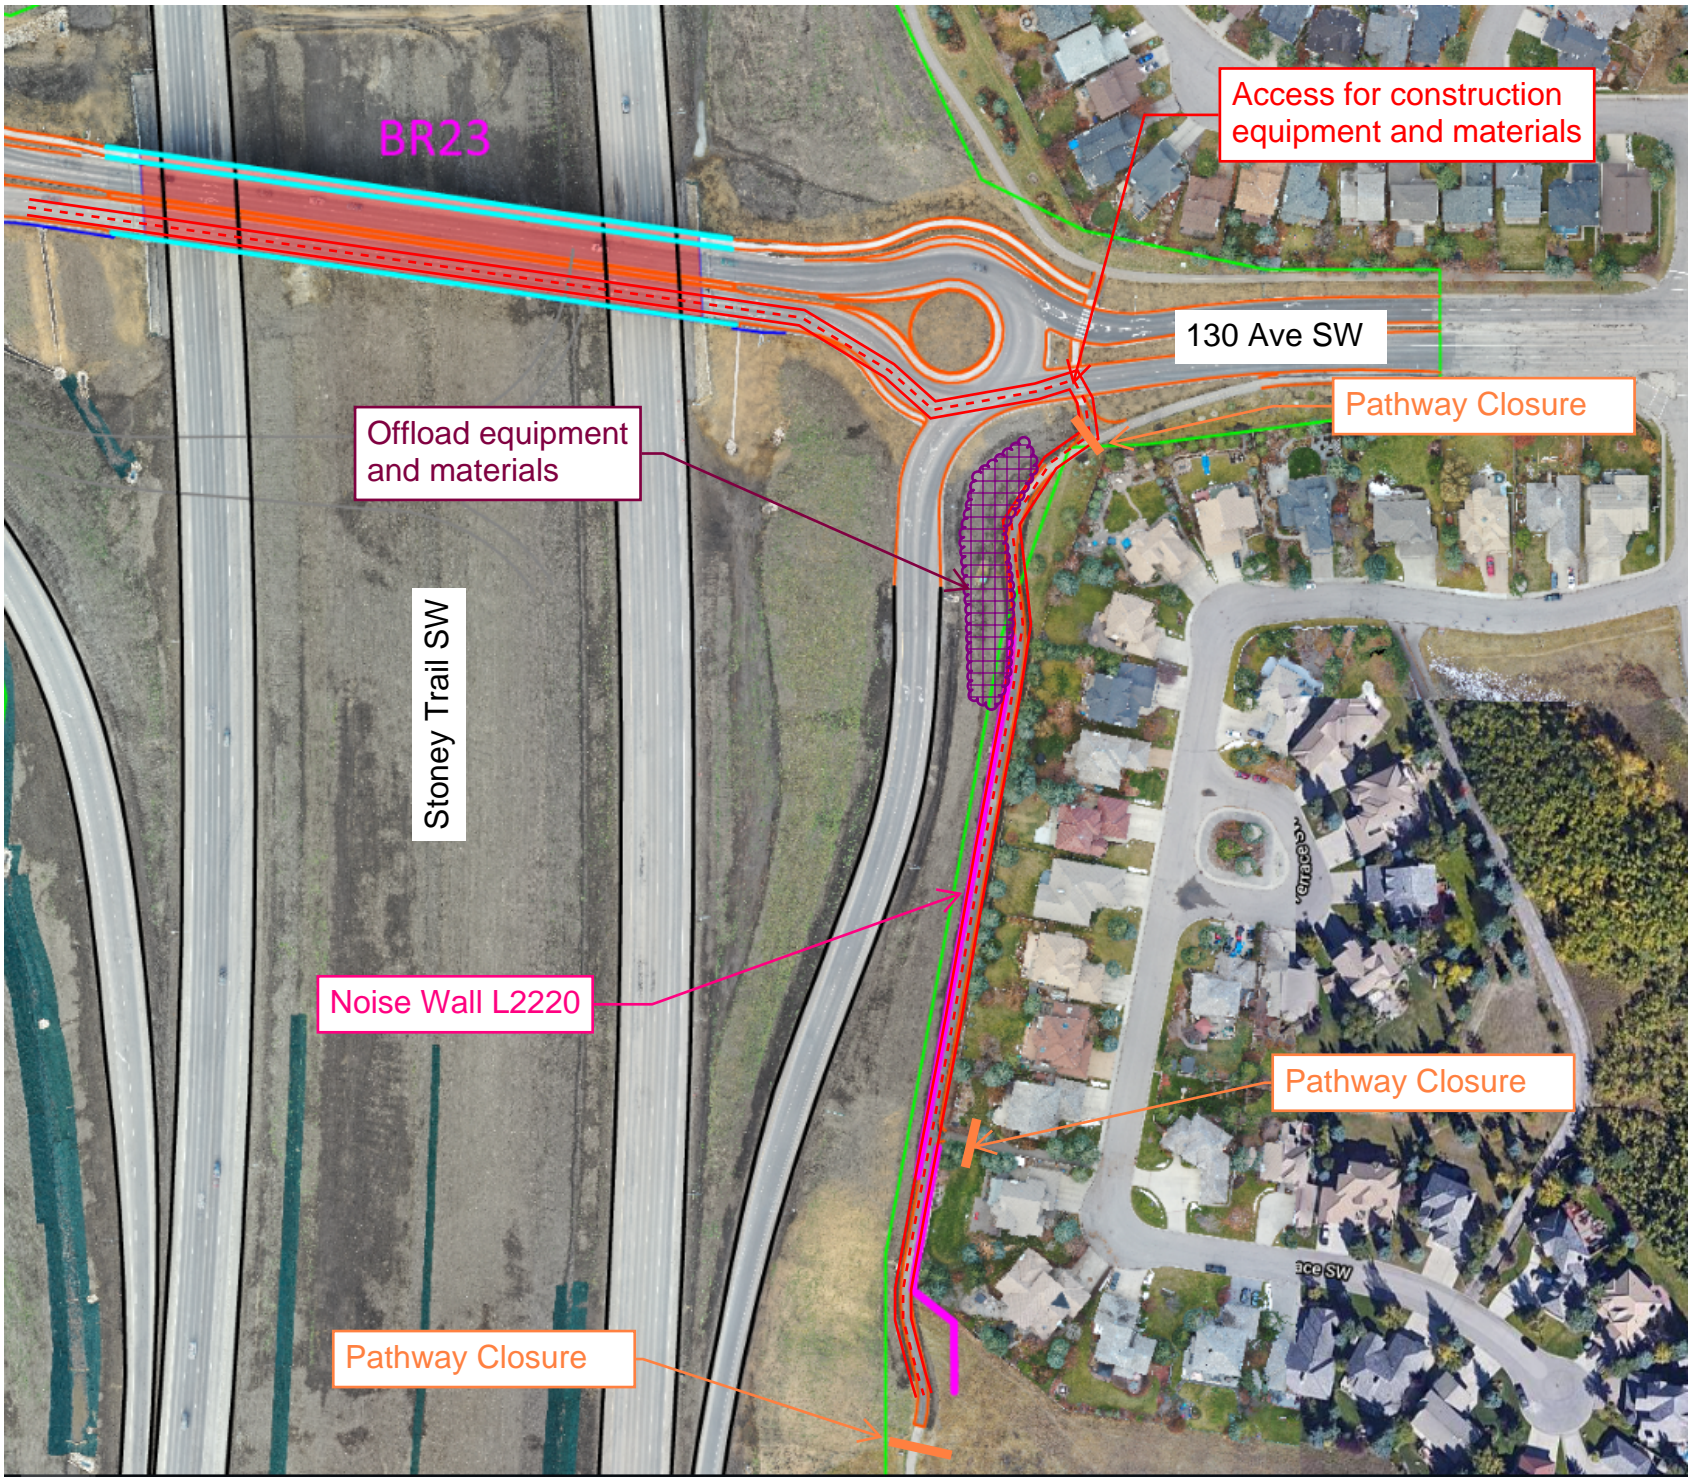

WHERE: South of 130 Ave SW, adjacent to the pedestrian pathway located on the west side of the community of Woodbine. See enclosed map for more details.

WHEN: Piling activity is expected to start the week of June 7th, 2021 with work continuing through early August.

WORK HOURS: 7 a.m. – 7p.m.

ANTICIPATED IMPACTS: Construction activity will be confined to the transportation utility corridor (TUC). Residents may notice construction noise and construction equipment traffic on 130 Ave SW & the pedestrian pathway located to the west of the community of Woodbine, south of 130 Ave SW. Residents may also notice temporary pathway closures and the implementation of a pathway detour to allow for construction and the delivery of equipment and materials.

Thank you in advance for your patience and cooperation. For addition information call 403-212-0565 or email info@SWCRRproject.com.
